Transfer of Liquid Assets of the Underlying Fund of Barings Eastern Europe Fund (BAEEU)(the “Base Investment Choice”)

Background

As previously mentioned by the “Notification for Change of Investment Choice” dated 10 March 2022 (the “Suspension Notice”), 25 May 2022 and 1 September 2022 respectively, the Base Investment Choice is suspended for dealing with effect from 1 March 2022 due to the suspension of the dealing and calculation of net asset value of its underlying fund, Barings Global Umbrella Fund - Barings Eastern Europe Fund (the “Base Underlying Fund”). All investment instructions including subscription, regular premium allocation, switch-in, redemption and switch-out requests to the Base Investment Choice have been suspended with effect from 1 March 2022.

Transfer of Liquid Assets¹ (other than the Impacted Assets²)

As advised by the board of directors of Baring International Fund Managers (Ireland) Limited (“Barings”), they have decided in consultation with the investment manager that it is in the best interests of the investors of the Base Underlying Fund to transfer the Liquid Assets of the Base Underlying Fund to Barings International Umbrella Fund - Barings Eastern Europe Fund (the “New Underlying Fund”)(the “Transaction”) with effect from 21 July 2023 (the “Effective Date”), in accordance with the notice of intention published by the Central Bank of Ireland (the “Central Bank”) in May 2022 in relation to the creation of side pockets in relation to Russian, Belarusian and Ukrainian assets. **The Transaction is being undertaken in light of the exceptional and adverse market conditions relating to the current situation in Russia and Ukraine, and the corresponding suspension of the Base Underlying Fund since 1 March 2022. Barings consider it to be in the best interests of the investors of the Base Underlying Fund to transfer the Liquid Assets to the New Underlying Fund, pursuant to the Central Bank’s UCITS side pocketing arrangements, as the investors of Base Underlying Fund will be able to resume dealing with respect to their interests in the Liquid Assets (which will be transferred to the New Underlying Fund) other than those impacted by the Russian invasion into Ukraine, thus mitigating the impact of a continued suspension of the Base Underlying Fund to the investors.**

On 3 May 2023, the Company was notified by Barings that the Transaction was approved at the Extraordinary General Meeting on 28 April 2023.

Comparison between the Base Underlying Fund and the New Underlying Fund

A summary of the features of the Base Underlying Fund and the New Underlying Fund are set out below.

Fund size: As at 28 February 2022, the fund size of the Base Underlying Fund is USD349.8 million. However, please note that the above figure includes the value of the Impacted Assets before writing-down the value of such assets to zero. As at 28 February 2022, the Impacted Assets amounted to 57.38% of the net asset value of the Base Underlying Fund. Please also note that, as at 6 April 2023, the Impacted Assets are valued at zero.

The New Underlying Fund has no assets or liabilities as it is newly established and will only be launched upon the Effective Date and upon the receipt of the Liquid Assets from the Base Underlying Fund.

Notwithstanding some drafting differences between the investment strategies and policies of the Base Underlying Fund and the New Underlying Fund, the New Underlying Fund will have the same features and risk profile as the Base Underlying Fund. Although the New Underlying Fund is permitted to invest in equities and equity related securities of companies incorporated in, or exercising the predominant part of their economic activity in Russia, Belarus or Ukraine, the investment manager does not intend to invest in such securities unless and until the market conditions permit such investment in the future and/or such securities are considered to have sufficient liquidity in the short to medium term by the investment manager. The New Underlying Fund and the Base Underlying Fund have the same dealing frequency, net asset value calculation and distribution / dividend policy. The fee structures of the Base Underlying Fund and the New Underlying Fund are the same.

¹ **Liquid Assets** means the net assets of the Base Underlying Fund other than the **Impacted Assets**².

² **Impacted Assets** means Russian, Belarusian and Ukrainian assets of the Base Underlying Fund that are directly and/or indirectly impacted by the Russian invasion into Ukraine and/or impacted by sanctions that have been imposed as a result of Russia’s invasion of Ukraine and have become illiquid and/or untradeable and/or are difficult to value accurately at this time.

Notwithstanding the drafting differences in disclosures, the investment policies on financial derivative instruments for the Base Underlying Fund and the New Underlying Fund are the same. The net derivative exposure of each of the Base Underlying Fund and the New Underlying Fund is up to 50% of their respective net asset value.

Transaction and the impact on the Base Underlying Fund

Transfer of assets

The Transaction will involve the delivery and/or transfer of the Liquid Assets to the depository to be held on behalf of the New Underlying Fund for the issue of new units in the New Underlying Fund on the Effective Date, while the Impacted Assets will remain in the Base Underlying Fund.

Under the terms of the Transaction, the investors of Base Underlying Fund will be issued the equivalent number of new units in the New Underlying Fund having a value equivalent to their holding of existing units (which, currently excludes the value of the Impacted Assets as such assets are currently valued at zero) on the Effective Date, and continue to hold the same number of existing units in the Base Underlying Fund as they hold immediately prior to the Effective Date, regardless of whether or not a redemption or switching request has been submitted on or before 17 July 2023, the cut-off day before the Transaction.

In light of the exceptional and adverse market conditions relating to the current situation in Russia and Ukraine, Barings temporarily suspended the investors to purchase or redeem units in the Base Underlying Fund effective as of 1 March 2022. The decision to implement the suspension was taken as a result of the current situation in Russia and Ukraine, which has caused a lack of confidence around the orderly disposal and valuation of Russian, Belarusian and Ukrainian assets of the Base Underlying Fund. As at 6 April 2023, the Impacted Assets are valued at zero in accordance with the valuation provisions in the Base Underlying Fund's constitutional document and the Hong Kong offering documents, and will not form part of the Transaction.

Upon the Transaction taking effect, the Base Underlying Fund will remain in existence and continue to hold the Impacted Assets. In the event that it is possible to value and dispose of the Impacted Assets after the Transaction has occurred, they will be sold over a reasonable period of time, taking into account of the best interests of the Base Underlying Fund investors, and the proceeds will be returned to the Base Underlying Fund investors in accordance with the provisions relating to redemption in the Hong Kong offering documents of the Base Underlying Fund.

Barings will look to dispose of the Impacted Assets and wind down the Base Underlying Fund after the Transaction and it is not anticipated that Base Underlying Fund will resume dealing after the Transaction.

As described above, notwithstanding the immaterial differences in the investment policies between the Base Underlying Fund and the New Underlying Fund, the New Underlying Fund is expected to hold the same Liquid Assets as the Base Underlying Fund and the Liquid Assets in the Base Underlying Fund's portfolio comprise eligible assets for the purposes of the portfolio of assets which can be held by the New Underlying Fund, it is not expected that re-balancing of the portfolio of the Base Underlying Fund will be required before the Transaction can become effective.

The valuation methodologies for the assets of the Base Underlying Fund are substantially similar to that of the New Underlying Fund. The actual net asset value of the New Underlying Fund will not be known until the Effective Date.

For A USD Inc unit class of the Base Underlying Fund, to which the Base Investment Choice is linked, all distributable profits in respect of and all dividend proceeds accrued are reinvested into the Base Underlying Fund and are reflected in the net asset value of the existing units and therefore reflected in the value of the new units which they will receive on the Effective Date.

Exchange ratio

On the Effective Date, the number of new units to be issued will be calculated using an exchange ratio of 1:1 as follows:

The net asset value per unit for the relevant class of the Base Underlying Fund (determined on the Effective Date), excluding the value of the Impacted Assets (which is currently valued at zero), divided by the initial offer price of the relevant unit class in the New Underlying Fund (determined on the Effective Date).

It is intended that the initial offer price per unit of the New Underlying Fund will be set to match the net asset value per unit of the Base Underlying Fund as at the Effective Date (excluding the value of the Impacted Assets, which is currently valued at zero). The value of the holding of new units of the New Underlying Fund which a Base Underlying Fund investor will receive under the Transaction will equal the value of their holding of existing units of Base Underlying Fund (excluding the value of the Impacted Assets, which is currently valued at zero) immediately prior to the Effective Date. The issue of new units in the New Underlying Fund will not be subject to any charges. No cash payment shall be made to the Base Underlying Fund investors in respect of the transfer of Liquid Assets to the New Underlying Fund.

As stated above, Base Underlying Fund investors will continue to hold the same number of existing units in the Base Underlying Fund as they hold immediately prior to the Effective Date.

Classes and fees

For A USD Inc class of the Base Underlying Fund, to which the Base Investment Choice is linked, a corresponding class A USD Inc will be created for the New Underlying Fund.

The New Underlying Fund will have the same fees, charges and expenses as the Base Underlying Fund following the Transaction. The New Underlying Fund will operate in a similar way as the Base Underlying Fund as regards subscriptions, redemptions and payment of distributions.

Name Change of the Base Underlying Fund

Following the Effective Date, the Base Underlying Fund will be re-named as "Barings Global Umbrella Fund - Barings Eastern Europe (SP) Fund".

Accordingly, the name of the Base Investment Choice will be renamed to "Barings Eastern Europe (SP) Fund" with effect from the Effective Date.

Expenses of the Transaction

There are no unamortized preliminary expenses relating to the Base Underlying Fund. All associated costs of the Transaction will be borne by Barings, including legal, advisory and administration cost, as well as the costs associated with the transfer of the Liquid Assets from the Base Underlying Fund to the New Underlying Fund (such as broker transactions costs, any stamp duty and other taxes or duties).

From the date of suspension of the Base Underlying Fund to the Effective Date, management fees are only chargeable on the portion of Liquid Assets. Upon the Transaction taking effect, management fees of the Base Underlying Fund will be waived. Separately, Barings will bear all the ongoing operation costs and expenses of the Base Underlying Fund upon the Transaction taking effect, until the Impacted Assets are able to be disposed of and the Base Underlying Fund can be terminated.

What does this mean to the Schemes and to you

Consequential to the Transaction of the Base Underlying Fund, the following arrangement will apply to the Schemes.

As stated in the Suspension Notice, your instruction of subscription, redemption or switching of notional units of the Base Investment Choice submitted for valuation date on or after 1 March 2022 (the “**Pending Instructions**”) will be held until the dealing and valuation of the Base Underlying Fund resume. Following the Transaction of the Base Underlying Fund, the Pending Instructions received by us **on or before 14 July 2023** will be redirected on the Effective Date to the New Investment Choice.

c) Policies with existing notional units of the Base Investment Choice

To align with the practice of the Base Underlying Fund, where the existing investors will continue to hold the same number of shares in the Base Underlying Fund and also receive the same number of shares in the equivalent class of the New Underlying Fund, hence, on the Effective Date, you will continue to hold the same number of notional units in the Base Investment Choice and you will receive the same number of notional units in the New Investment Choice which is linked to the A Inc class of the New Underlying Fund.

For example, if you have 100 notional units of the Base Investment Choice, 100 notional units of the New Investment Choice will be allocated to your policy on the Effective Date. The value of the notional units you hold in the Base Investment Choice proportionate to the Liquid Assets and the value of the notional units you are allocated in the New Investment Choice in respect of those Liquid Assets will be the same. The notional units of the New Investment Choice will be opened for dealing on **24 July 2023** but the notional units of Base Investment Choice will still be closed for any subscription, redemption, regular premium allocation and switching.

Action to be taken

No action is required if you wish to invest in the New Investment Choice.

If you do not wish to invest in the New Investment Choice, you may switch your notional units in the New Investment Choice to other investment choice(s) available under the Schemes free of switching charge after the Effective Date.

d) Policies with existing regular premium allocation to the Base Investment Choice

If you have existing regular premium allocation to the Base Investment Choice, such allocation will be **automatically** changed to the New Investment Choice on the Effective Date free of charge.

Action to be taken

No action is required if you wish to invest in the New Investment Choice.

Extraordinary General Meeting of Barings Eastern Europe Fund, a sub-fund of Barings Global Umbrella Fund, in relation to the transfer of Liquid Assets to Barings Eastern Europe Fund, a sub-fund of Barings International Umbrella Fund

Dear Base Fund Unitholder

We are writing to you as a unitholder in the Base Fund, which is a sub-fund of Barings Global Umbrella Fund, an umbrella fund constituted as a unit trust established pursuant to the Unit Trusts Act, 1990, and authorised by the Central Bank as a UCITS under the Regulations (the "**Base Umbrella**").

The purpose of this Circular is to give you notice of the Meeting and to provide you with information on the background, rationale and mechanism for the proposal to transfer the Liquid Assets to the New Fund, which is a sub-fund of Barings International Umbrella Fund, an umbrella fund constituted as a unit trust established pursuant to the Unit Trusts Act, 1990, and authorised by the Central Bank as a UCITS under the Regulations (the "**New Umbrella**").

The Directors have decided in consultation with the Investment Manager that it is in the best interests of the Base Fund Unitholders to carry out the Transaction. **The Transaction proposal is being undertaken in light of the exceptional and adverse market conditions relating to the current situation in Russia and Ukraine, and the corresponding suspension of the Base Fund since 1 March 2022. The Directors consider it to be in the best interests of the Base Fund Unitholders to transfer the Liquid Assets to the New Fund, pursuant to the Central Bank's UCITS side pocketing arrangements, as the Base Fund Unitholders will be able to resume dealing with respect to their interests in the Liquid Assets (which will be transferred to the New Fund) other than those impacted by the Russian invasion into Ukraine, thus mitigating the impact of a continued suspension of the Base Fund to the Base Fund Unitholders.**

Pursuant to Schedule B of the Constitutional Document of the Base Umbrella and the Base Fund, the Meeting is being convened for the Base Fund at 10.00 a.m. (Irish time) on 28 April 2023 in order to consider and vote on the proposed Transaction. To be effective, the proposed Transaction requires approval of the Resolution set out in the Notice of Extraordinary General Meeting contained in Appendix I of this Circular. This Circular has been reviewed and cleared in advance by the Central Bank and the Transaction has been authorised by the Central Bank prior to the circulation of this Circular.

Comparison between the Base Fund and the New Fund

A summary of the features of the Base Fund and the New Fund are set out below. Additional details are set out in Appendix III. You are encouraged to review the offering documents of the Base Fund and the New Fund.

Fund size: As at 28 February 2022, the fund size of the Base Fund is USD349.8 million. However, please note that the above figure includes the value of the Impacted Assets before writing-down the value of such assets to zero. As at 28 February 2022, the Impacted Assets amounted to 57.38% of the Net Asset Value of the Base Fund. Please also note that, as at the date of this Circular, the Impacted Assets are

valued at zero.

The New Fund has no assets or liabilities as it is newly established and will only be launched upon the Effective Date and upon the receipt of the Liquid Assets from the Base Fund.

Notwithstanding some drafting differences between the investment strategies and policies of the Base Fund and the New Fund, the New Fund will have the same features and risk profile as the Base Fund. Although the New Fund is permitted to invest in equities and equity related securities of companies incorporated in, or exercising the predominant part of their economic activity in Russia, Belarus or Ukraine, the Investment Manager does not intend to invest in such securities unless and until the market conditions permit such investment in the future and/or such securities are considered to have sufficient liquidity in the short to medium term by the Investment Manager. The New Fund and the Base Fund have the same dealing frequency, dealing cut-off time, settlement deadline, net asset value calculation and distribution / dividend policy. The fee structures of the Base Fund and the New Fund are the same.

Notwithstanding the drafting differences in disclosures, the investment policies on financial derivative instruments (“**FDIs**”) for the Base Fund and the New Fund are the same. The net derivative exposure of each of the Base Fund and the New Fund is up to 50% of their respective net asset value.

Proposed Transaction and the impact on Unitholders in the Base Fund

Transfer of Assets

The Transaction will involve the delivery and/or transfer of the Liquid Assets to the Depositary to be held on behalf of the New Fund for the issue of New Units in the New Fund on the Effective Date, while the Impacted Assets will remain in the Base Fund. A table setting out the Units to be received by holders of the relevant Existing Units can be found under “*Classes and Fees*” below.

Under the terms of the Transaction, the Base Fund Unitholders will be issued the equivalent number of New Units in the New Fund having a value equivalent to their holding of Existing Units (which, currently excludes the value of the Impacted Assets as such assets are currently valued at zero) on the Effective Date, and continue to hold the same number of Existing Units in the Base Fund as they hold immediately prior to the Effective Date, regardless of whether or not a redemption or switching has been submitted prior to the Cut-off Time. The Base Fund Unitholders holding fractions of Existing Units will receive fractions of New Units in the New Fund.

As noted in the Suspension Notice, in light of the exceptional and adverse market conditions relating to the current situation in Russia and Ukraine, the Manager temporarily suspended the right of the Base Fund Unitholders to purchase, redeem or exchange Units in the Base Fund effective as of 1 March 2022. The decision to implement the suspension was taken as a result of the current situation in Russia and Ukraine, which has caused a lack of confidence around the orderly disposal and valuation of Russian, Belarusian and Ukrainian assets of the Base Fund. As at the date of the Circular, the Impacted Assets are valued at zero in accordance with the valuation provisions in the Base Fund's Constitutional Document and the Hong Kong Offering Documents, and will not form part of the Transaction.

Upon the Transaction taking effect, the Base Fund will remain in existence and continue to hold the Impacted Assets. Redemption and switching requests in respect of Existing Units in the Base Fund duly received on or before the Cut-off Time (including those received during the period between the dates of the Suspension Notice and this Circular) will be processed and dealt with in the New Fund on the first day for dealing in the New Fund, after which all Base Fund Unitholders shall be treated equally and have no priority over each other in respect of their residual holding in the Base Fund in respect of the Impacted Assets. In the event that it is possible to value and dispose of the Impacted Assets after the Transaction has occurred, they will be sold over a reasonable period of time, taking into account of the best interests of the Base Fund Unitholders, and the proceeds will be returned to the Base Fund Unitholders in accordance with the provisions relating to redemption in the Hong Kong Offering Documents of the Base Umbrella and the Base Fund.

For the avoidance of doubt, notwithstanding that the Suspension Notice provided that Base Fund Unitholders may continue to submit redemption requests during the period of suspension, in light of the change in circumstances, the Manager will look to dispose of the Impacted Assets and wind down the Base Fund after the Transaction and it is not anticipated that Base Fund will resume dealing after the Transaction. As such, no redemption or switching requests from the Base Fund will be accepted after

the Cut-off Time. The Manager will continue to provide updates from time to time and keep Base Fund Unitholders informed of any material developments relating to the Base Fund.

As described above, notwithstanding the immaterial differences in the investment policies between the Base Fund and the New Fund, the New Fund is expected to hold the same Liquid Assets as the Base Fund and the Liquid Assets in the Base Fund's portfolio comprise eligible assets for the purposes of the portfolio of assets which can be held by the New Fund, it is not expected that re-balancing of the portfolio of the Base Fund will be required before the Transaction can become effective.

The net asset value of the Base Fund will be calculated as at the Valuation Point in accordance with its valuation methodology as set out in the Prospectus and Constitutional Document of the Base Umbrella and the Base Fund on the Effective Date. However, the official net asset value of the Base Fund will not be known until the Effective Date. The New Fund will have no assets or liabilities as it will have yet to launch and therefore will be in a position to issue New Units at the net asset value per unit of the corresponding Existing Unit class in the Base Fund on the Effective Date, in accordance with the terms of the Prospectus of the New Umbrella and the New Fund. The valuation methodologies for the assets of the Base Fund are substantially similar to that of the New Fund. The actual net asset value of the New Fund will not be known until the Effective Date.

Distribution Units (Inc) Only

As outlined in the Hong Kong Offering Documents of the Base Umbrella and the Base Fund, the Base Fund declares dividends in respect of the following unit classes: Class A EUR Inc, Class A GBP Inc and Class A USD Inc (the "**Distribution Inc Classes**").

All distributable profits in respect of and all dividend proceeds accrued for the Distribution Inc Classes are reinvested into the Base Fund and are reflected in the net asset value of the applicable Existing Units and therefore reflected in the value of the New Units which they will receive the Effective Date. Any distributable profits accrued after the Effective Date will be processed in accordance with the option elected at the time of their original subscription (i.e. paid out in cash or reinvested into the New Fund).

Accumulation Units (Acc) Only

The Accumulation Units (Acc) in the Base Fund (which are disclosed in the Hong Kong Offering Documents of the Base Umbrella and the Base Fund) are accumulating classes which already reinvest all income and therefore they will be treated in the same manner.

Exchange ratio

On the Effective Date, the number of New Units to be issued to each Base Fund Unitholder will be calculated using an Exchange Ratio of 1:1, which will be calculated for each class as follows:

The net asset value per unit for the relevant class of the Base Fund (determined at the Valuation Point), excluding the value of the Impacted Assets (which is currently valued at zero), divided by the initial offer price of the relevant unit class in the New Fund (determined at the Valuation Point).

It is intended that the initial offer price per unit of the New Fund will be set to match the net asset value per unit of the Base Fund as at the Valuation Point (excluding the value of the Impacted Assets, which is currently valued at zero). The value of the holding of New Units which a Base Fund Unitholder will receive under the Transaction will equal the value of their holding of Existing Units (excluding the value of the Impacted Assets, which is currently valued at zero) immediately prior to the Effective Date. The issue of New Units in the New Fund will not be subject to any charges. No cash payment shall be made to the Base Fund Unitholders in respect of the transfer of Liquid Assets to the New Fund.

As stated above, Base Fund Unitholders will continue to hold the same number of Existing Units in the Base Fund as they hold immediately prior to the Effective Date.

Classes and fees

The table below sets out the New Units to be received by holders of Existing Units in the Base Fund:

Existing Units in Base Fund (until the Effective Date)	ISIN	Corresponding New Units in New Fund (from the Effective Date)	ISIN
Class A EUR Acc	IE00B6TLKC73	Class A EUR Acc	IE00B6TLKC73
Class A EUR Inc	IE0004852103	Class A EUR Inc	IE0004852103

Class A USD Acc	IE00B6TJN447	Class A USD Acc	IE00B6TJN447
Class A USD Inc	IE0000805634	Class A USD Inc	IE0000805634
Class I EUR Acc	IE00B3L6NY24	Class I EUR Acc	IE00B3L6NY24
Class I GBP Acc	IE00B4V4RZ28	Class I GBP Acc	IE00B4V4RZ28
Class I USD Acc	IE00B3L6NX17	Class I USD Acc	IE00B3L6NX17

The fees payable relating to the Existing Units and New Units are set out in Appendix III and the Base Fund Unitholders will pay the same fees, charges and expenses for their holdings in the New Units following the proposed Transaction. The New Units will operate in a similar way as the Existing Units as regards subscriptions, redemptions, conversions and payment of distributions.

While there are some differences between the Base Fund and the New Fund (the principal differences are set out in Appendix III), it is not expected that there will be any material difference in the rights of the Base Fund Unitholders before and after the Transaction takes effect.

Impact on Dealing

The Base Fund and the New Fund are both daily dealing funds and have a settlement deadline of three Business Days following the relevant Dealing Day. A summary of the dealing procedure for the New Fund is set out in Appendix III. However, as noted above, the Base Fund has currently suspended dealing.

Redemption and switching requests in the Existing Units received on or prior to the Cut-off Time (including those received during the period between the dates of the Suspension Notice and this Circular) will be processed in the New Fund in accordance with the terms of the Hong Kong Offering Documents of the New Umbrella and the New Fund on the first Dealing Day after the Effective Date. For the avoidance of doubt, Base Fund Unitholders will continue to hold the same number of Existing Units in the Base Fund as they hold immediately prior to the Effective Date upon their redemption and switching requests being processed in the New Fund. However, please note that Base Fund Unitholders will not be able to redeem or switch from the Base Fund after the Cut-off Time, for the reasons in the sub-section “Transfer of Assets” above.

Dealing in New Units will be permitted on the first Dealing Day of the New Fund after the Effective Date, being 24 July 2023.

Taxation

The below summary is only intended as a general guide to some of the main aspects of current Hong Kong tax law and practice applicable to the Transaction and may not apply to certain categories of investor. It is not intended to provide specific advice and no action should be taken or omitted to be taken in reliance upon it. If you are in any doubt about your personal tax position in relation to the Transaction, or if you are resident for tax purposes in another jurisdiction, please seek independent advice immediately from your professional tax adviser.

During such period as the Base Fund and the New Fund are authorised by the SFC then, under present Hong Kong law and practice:–

- (a) the Base Fund and the New Fund are not expected to be subject to Hong Kong tax in respect of any of its authorised activities;
- (b) no tax will be payable by unitholders in Hong Kong in respect of any capital gains arising on a sale, redemption or other disposal of units in the Base Fund and shares in the New Fund, except that Hong Kong profits tax may arise where such transactions form part of a trade, profession

or business carried on in Hong Kong; and

- (c) no tax should generally be payable by unitholders in Hong Kong in respect of dividends or other income distributions of the Base Fund and the New Fund.

Name Change of the Base Fund

Following the Effective Date, the Base Fund will be re-named as "Barings Eastern Europe (SP) Fund".

Details of the Extraordinary General Meeting

The Notice of Extraordinary General Meeting is set out in Appendix I to this Circular. The Notice sets out the text of the Resolution to be proposed at the Meeting.

The implementation of the proposed Transaction is conditional upon the Resolution in respect of the Transaction set out at Appendix I being duly passed as a special resolution of the Base Fund Unitholders. However, in the event that the Resolution is passed in favour of the Transaction, the Manager may decide not to proceed with the Transaction if it determines that it no longer makes commercial sense to do so, taking into account the best interests of the Base Umbrella as a whole. In this event, the Base Fund Unitholders will be notified and your investment in the Base Fund will not be impacted.

The quorum for a Meeting is Base Fund Unitholders holding or representing not less than 25% of the Existing Units of the Base Fund, present at the Meeting in person or by proxy. In order for the Resolution of a Base Fund to pass, a majority of not less than 75% of the total number of votes cast in person or by proxy at the Meeting will need to vote in favour of the Resolution. In view of the importance of these matters, the chairperson of the Meeting will demand that a poll be taken. Where votes are cast on a poll, the Constitutional Document of the Base Umbrella and the Base Fund provides that any Base Fund Unitholder present in person or by proxy shall be entitled to one vote in respect of each unit held.

If a quorum of Base Fund Unitholders is not present in person or by proxy at the Meeting, an Adjourned Meeting with the same agenda will be at 10.00 a.m. (Irish time) on 15 May 2023 at the same place as the Meeting in respect of the Base Fund. The Base Fund Unitholders present at the Adjourned Meeting, whatever their number and the number of Units held by them, will form a quorum.

The Base Fund Unitholders will be notified of the outcome of the Meeting by visiting <https://www.barings.com>¹ two (2) Business Days after the date of the Meeting. If an Adjourned Meeting is required, the Base Fund Unitholders will be notified of the same by visiting the same website two (2) Business Days after the date of the Meeting. Base Fund Unitholders will also be notified of the outcome of the Meeting (if the quorum was met in the Meeting) or the outcome of the Adjourned Meeting (if the Meeting was adjourned) in an additional circular by mail.

If the Resolution is passed in respect of the Transaction, the Transaction will be binding on all Base Fund Unitholders on the register of unitholders of the Base Fund on the Effective Date.

Upon the Transaction taking effect, all Base Fund Unitholders will be issued with New Units in the relevant share class having an equivalent value to their holding of Existing Units (which, currently excludes the value of the Impacted Assets as such assets are currently valued at zero) without any further action on their part, whether or not they voted in favour, or voted at all. Confirmation of your new holding in the New Fund will be sent to you within 5 Business Days of the Effective Date. The first day for dealing in the New Fund will be the first Dealing Day after the Effective Date as set out on page 3 of this Circular.

Treatment of the Base Fund on implementation of the Transaction

On implementation of the Transaction, the Base Fund will continue to be in existence holding the Impacted Assets and Base Fund Unitholders will continue to hold the same number of Existing Units in the Base Fund as they hold immediately prior to the Effective Date. Following this date, the Manager will continuously monitor the market condition with regard to the Impacted Assets, to dispose of the Impacted Assets when the market provides the necessary liquidity for the Impacted Assets and their

valuation becomes possible. Upon liquidation of all Impacted Assets, the Manager will fully wind up the Base Fund in accordance with the terms of the Constitutional Document of the Base Umbrella and the Base Fund, and the requirements of the Central Bank.

The Base Fund will continue to operate as at present (where the right of Base Fund Unitholders to purchase, redeem or exchange Units in the Base Fund is temporarily suspended) if the Transaction had not been approved at the Meeting or at the Adjourned Meeting (if applicable).

Expenses of the Transaction

There are no unamortized preliminary expenses relating to the Base Fund. All associated costs of the Transaction will be borne by the Manager, including legal, advisory and administration cost, as well as the costs associated with the transfer of the Liquid Assets from the Base Fund to the New Fund (such as broker transactions costs, any stamp duty and other taxes or duties).

From the date of suspension of the Base Fund to the Effective Date, management fees are only chargeable on the portion of Liquid Assets. Upon the Transaction taking effect, management fees of the Base Fund will be waived. Separately, the Manager will bear all the ongoing operation costs and expenses of the Base Fund upon the Transaction taking effect, until the Impacted Assets are able to be disposed of and the Base Fund can be terminated.

Review by an Independent Auditor

An Independent Auditor will validate the following:

- (a) the criteria adopted for the valuation of the assets and where applicable, the liabilities of the Base Fund on the date for calculating the Exchange Ratio; and
- (b) the calculation method of the Exchange Ratio as well as the actual Exchange Ratio determined at that date for calculating that ratio. Following the Effective Date, the Independent Auditor will prepare a report with details of its findings in relation to the above which will be available, free of charge, upon request to the Hong Kong Representative (contact details below). A copy of this report will also be available to the Central Bank.

Documents available for inspection

The following documents are available on request from, or are available for inspection at, the offices of the Hong Kong Representative (contact details below), free of charge, during usual business hours on Monday to Friday until the date of the Meeting and, if the Resolution is passed, up to and including the Effective Date:

- Constitutional Document and Hong Kong Offering Documents of the Base Umbrella and the Base Fund (including the KFS of the Base Fund)
- Constitutional Document and Hong Kong Offering Documents of the New Umbrella and the New Fund (including the KFS of the New Fund)
- Audited reports and accounts of the Base Umbrella and the Base Fund for the year ended 30 April 2022
- The Regulations

Base Fund Unitholders are advised to read the Hong Kong Offering Documents of the New Fund (including its KFS) in advance of voting on the Resolution, which are also available at <https://www.barings.com>².

²Please note that the website has not been authorised by the SFC and may contain information relating to funds which are not authorised in Hong Kong and information which is not targeted to Hong Kong investors.

Action to be taken

The Base Fund Unitholders holding Existing Units in the Base Fund are urged to complete and return the proxy form set out in Appendix II of this Circular by following the instructions stated in the proxy form. The proxy form should be returned as soon as possible and in any event no later than the date and time set out on page 3 of this Circular.

In the opinion of the Directors, the Transaction is fair and reasonable and is in the best interests of the Base Fund Unitholders, as a whole. The Directors recommend that you vote in favour of the Resolution to be proposed.

If you do not intend to attend the Meeting in person, it is important that you exercise your voting rights in respect of the Meeting by one of the following methods. Please complete and return your enclosed proxy form so that it will arrive 48 hours in advance of the commencement of the Meeting. Submission of a proxy form will not preclude you from attending and voting at the Meeting in person if you so wish.

Base Fund Unitholders may apply to redeem their Existing Units or switch their Existing Units free of charge into any of the SFC-authorized Barings fund(s) listed in Appendix IV³, on or before the Cut-off Time as set out on page 3 of this Circular. As dealing in Existing Units in the Base Fund is subject to a suspension which is currently in place, redemption and switching instructions received on or before the Cut-off Time (including those received during the period between the dates of the Suspension Notice and this Circular) will only be processed in the New Fund on the first Dealing Day of the New Fund after the Effective Date, being 24 July 2023, in accordance with the procedures set out in the Hong Kong Offering Documents of the New Umbrella and the New Fund, although your bank or intermediary may charge you transaction fees. For the avoidance of doubt, Base Fund Unitholders will continue to hold the same number of Existing Units in the Base Fund as they hold immediately prior to the Effective Date upon their redemption and switching requests being processed in the New Fund. Further redemption or switching requests from the Base Fund after the Cut-off Time will not be accepted. Please also note, redemption proceeds can only be released to you if your account is compliant with anti-money laundering regulations and up-to-date bank account details are held on file.

Indirect foreign investment, may, however, be permitted or facilitated in certain of those countries through investment funds which have been specifically authorised for the purpose. The Fund may also invest up to a maximum of 10% of the net asset value of the Fund in collective investment schemes. Subject to such restriction, it is the policy of the Manager to invest in such funds from time to time, and similar investment funds offering exposure to any particular emerging European markets where such funds are considered attractive investments in its own right.</p> <p>Under exceptional circumstances (e.g. economic conditions, political risks or world events, high downside risks during uncertainties, or closure of relevant market(s) due to unexpected events, such as political unrest, war or bankruptcy of large financial institutions), the Fund may temporarily invest up to 100% of its total assets in cash, deposits, treasury bills, government bonds or short-term money market instruments or have substantial holdings in cash and cash equivalents.</p> <p>The Fund may use financial derivative instruments (“FDIs”) (including warrants, futures, options, currency forward contracts (including non-deliverable forwards), swap agreements and contracts for difference) for efficient portfolio management (including hedging) and investment purposes.</p> <p>The derivative techniques may include, but are not limited to: (i) hedging a currency exposure; (ii) using FDIs as a substitute for taking a position in the underlying asset where the Investment Manager feels that a derivative exposure to the underlying asset represents better value than a direct exposure; (iii) tailoring the Fund’s interest rate exposure to the Investment Manager’s outlook for interest rates; and/or (iv) gaining an exposure to the composition and performance of a particular index which are consistent with the investment objective and policies of the Fund.</p>	<p>Debt securities acquired for the Fund will generally be rated not lower than B- by Standard & Poor’s (“S&P”) or another internationally recognised rating agency or will be, in the opinion of the Investment Manager, of similar credit status. The Investment Manager may invest in lower grade securities but it is their policy that the value of all such securities does not comprise more than 10% of the net asset value of the Fund. In addition, the Investment Manager will not invest more than 5% of the total assets of the Fund in debt securities of any one corporate issuer rated lower than BBB- by S&P or another internationally recognised rating agency or which are, in the opinion of the Investment Manager, of similar credit status.</p> <p>The policy of the Investment Manager is to maintain diversification in terms of the countries to which investment exposure is maintained but, save as indicated above, there is no limit to the proportion of the assets which may be invested in any one country and there is no specific focus on any sector or industry.</p> <p>Investment by foreign investors in many developing countries is currently restricted. Indirect foreign investment, may, however, be permitted or facilitated in certain of those countries through investment funds which have been specifically authorised for the purpose. The Fund may also invest up to a maximum of 10% of its net asset value in collective investment schemes. Subject to such restriction, it is the policy of the Investment Manager to invest in such funds from time to time, and similar investment funds offering exposure to any particular emerging European markets where such funds are considered attractive investments in their own right.</p> <p>The Fund may also invest in FDIs such as futures, options, warrants, forward currency contracts, currency swaps and total return swaps for investment purposes and for efficient portfolio management, which includes hedging.</p>
